

KOMPTECH

HURRIFEX

CONFIGURATION & DESCRIPTION

Combined unit with savings in space, materials and transportation effort compared to two separate machines.

Wide range of uses with simple operation and high availability

Separation efficiency up to 95 percent at throughputs of 60 m³/h - Low energy costs due to electrical drive of all components.

Feeding conveyor with adjustable speed
 Separation chamber with pressure fan and suction fan
 Corrugated belt conveyor for discharge of stone fraction
 Suction fan, hinged for maintenance
 Hinged towbar

SPECIFICATION

Category:	Separation
Manufacturer:	Komptech
Serial number / reference number:	96020
Name:	HURRIFEX
Year of manufacture:	2017
Operating hours:	3,500 h
Weight:	14,000 kg
